

POST-MANAGERS' REPORT

August 19th, 2016 Board Meeting

- Completion of the painting of all entrance doors.
- Painted the outside railings on A & E Buildings.
- Installation of a new RPZ type backflow preventer on the main irrigation line. This device must be tested every year by a certified tester.
- Raised the sidewalk of the last quad of the F Building.
- Crack sealed, seal coated, and re-stripping of all parking lots.
- Remainder of Kayak rack is \$16.67! As soon as it is paid off, the rental for a space will be reduced to \$25.00 per year. (no matter how long the kayak is stored) [Kayak rack is now paid off; spaces will now be rented at \\$25.00 per year.](#)
- The siding repairs on the F Building will hopefully begin this year. Bids are being taken. [Having difficulty finding any contractors that want to do this small job. As they say, it is a work in progress.](#)
